D/I USAF PROPOSED AMENDMENTS TO SE-24  
"COMMUNIST CHARGES OF U.S. USE OF BIOLOGICAL WARFARE"

*new*

1. Reference Page 5, Par. 12, Line 5. Recommend the paragraph be amended as follows:

*OK*  
12. The scale and nature of the campaign are such, however, as to suggest purposes beyond those of internal propaganda. Such broader purposes may be limited solely to general foreign propaganda aims, or may involve preparations for some early major Communist move. Regardless of its original intent, the final purpose of the campaign may be determined by the extent of success achieved as it gains additional momentum.

2. Reference Page 7. Add the following as paragraph 17.

17. We estimate that the current propaganda campaign, which is increasing in intensity and stature, contains within itself a potentiality which could serve as justification for any move including general war. The lack of intelligence to relate the campaign to any specific Soviet objective necessitates consideration of all possible motives which could serve as indicators of Soviet intentions.
